

To Whom it May Concern:

I highly recommend Irina Kuzes as a candidate for employment. Irina was employed by Touchstone Consulting Group as a web designer from 2007 - 2008. Irina was responsible for designing and implementing several client web sites, the largest of which was the Small Business Administration's "Business.gov". This was a large website with multiple applications and design challenges. The client was very satisfied with her work, and results from focus group testing was positive towards the new look and feel.

Irina has excellent work ethic and tenacity in finishing a project, regardless of how difficult the time-frame. In addition, she is extremely organized, reliable and skilled in multiple design applications. Irina can work independently and is able to follow through to ensure that the job gets done. She is flexible and willing to work on any project that is assigned to her.

Irina was quick to volunteer to assist in other areas of design, as well.

Irina would be a tremendous asset for your company and has my highest recommendation. If you have any further questions with regard to her background or qualifications, please do not hesitate to call me.

Sincerely,

Tim Brennan
